

Coworking Consulting

Everybody wants to be in the coworking business. It's booming!

When coworking was just a sparkle in the real estate industry's eye, we were an integral part of the growth and development of this workspace concept. At StellaPop, we are the industry leader in the coworking space with over 30 years of experience in all aspects of office suites, executive space, spec suites, and coworking.

An estimated 10,000 coworking spaces open around the world each year. Joining the coworking space brigade can mean serious success — and serious bucks. However, it's not as simple as just leasing commercial real estate office space and waiting for the checks to be cut.
